1. Introduction

The Trust intends and expects that all decisions around the use of Trust resources will be underpinned at all times by its vision and values:

Our aim:

To create centres of educational excellence that inspire all pupils to turn their potential into performance.

To achieve this our schools will:

Provide a broad and balanced curriculum that allows pupils to develop their talents and ambitions.

Deliver the highest quality learning opportunities facilitated by excellent teachers

Inspire our pupils to become confident, motivated and respectful individuals ready to make a positive contribution to society.

The Trust will support our schools by:

Maximising the resources and expertise available to individual schools.

Providing a platform for the sharing of excellent practice.

Challenging and developing staff to turn their potential into performance.

1.1. Aims and Scope

The school aims to:

- Run an ECT induction programme that meets all of the statutory requirements underpinned by the early career framework (ECF)
- Provide ECTs with a supportive environment that develops them and equips them with the tools to be effective and successful teachers
- Make sure all staff understand their role in the ECT induction programme

1.2. Other linked Policies

This policy is based on:

The Department for Education's (DfE's) statutory guidance

Induction for early career teachers (England)

Early career framework reforms The Education (Induction Arrangements for School Teachers) (England) Regulations 2012

The 'relevant standards' referred to below are the **Teachers' Standards.**

This policy complies with our funding agreement and articles of association.

This policy links to the Trust performance management policy.

2. Policy Statement

The induction programme will be underpinned by the ECF, enabling ECTs to understand and apply the knowledge and skills set out in the ECF. Prior to the ECT serving their induction, the headteacher and appropriate body must agree that the post is suitable. For a full-time ECT, the induction period will typically last for 2 academic years. Part-time ECTs will serve a full-time equivalent. Up to one term of continuous employment may count towards completion of the induction period. The programme is quality assured by Wiltshire Council, our 'appropriate body'.

2.1 Posts for induction

Each ECT will:

- Be provided with the necessary employment tasks, experience and support to enable them to demonstrate satisfactory performance against the relevant standards throughout, and by the end of, the induction period.
- Have an appointed induction tutor, who will have qualified teacher status (QTS)
- Have an appointed induction mentor with sufficient teaching experience.
- Have a reduced timetable to allow them to undertake activities in their induction programme; in their first year, this will be no more than 90% of the timetable of our existing teachers on the main pay range, and in their second year, this will be no more than 95% of the timetable of our existing teachers on the main pay range
- Regularly teach the same class or classes
- Take part in similar planning, teaching and assessment processes to other teachers working in similar posts
- Not be given additional non-teaching responsibilities without appropriate preparation and support
- Not have unreasonable demands made upon them
- Not normally teach outside the age range and/or subjects they have been employed to teach
- Not be presented with unreasonably demanding pupil discipline problems on a day-to-day basis

2.2 Support for ECTs

We support ECTs with:

- Their designated induction tutor, who will oversee induction, provide additional coaching and support where a need is identified and coordinate assessments.
- Their designated induction mentor, who will provide regular structured mentoring sessions and targeted feedback
- Observations of their teaching at regular intervals, and follow-up discussions with prompt and constructive feedback

- Regular professional reviews of their progress, to take place termly.
- Chances to observe experienced teachers, either within the school or at another school with effective practice

2.3 Assessments of ECT performance

- Informal progress reviews will be submitted to the appropriate body in terms 1,2, 4 & 5 of the induction period. These reports will be submitted by the induction tutor and will be based on feedback from mentors, heads of department and heads of year. They will highlight key strengths and development priorities against the teacher standards.
- Formal assessment meetings will take place in the final term of the ECT's first year (term 3) and the final term of their second year (term 6), and will be carried out by the ECT's induction tutor.
- These meetings will be informed by clear and transparent evidence gathered from progress reviews during the preceding assessment period, and drawn from the ECT's work as a teacher and from their induction programme.
- After each formal assessment meeting, a formal assessment report will be completed that clearly shows how the ECT is performing against the relevant standards. The headteacher will also recommend to the appropriate body in the final assessment report at the end of the programme as to whether the ECT's performance is satisfactory against the relevant standards.
- The ECT will add their own comments, and the formal assessment report will be signed by the headteacher, induction tutor and the ECT.
- A copy of the formal assessment report will then be sent to the appropriate body. The final assessment report will be sent within 10 working days of the meeting, for the appropriate body to make the final decision on whether the ECT has passed their induction period.
- In the event that the ECT leaves this post after completing one term or more but before the next formal assessment would take place, the induction tutor or headteacher should complete an interim assessment to ensure that the ECT's progress and performance since the last assessment is captured.

2.4 At-risk procedures

If it becomes clear during a termly progress review or at the first formal assessment point that the ECT is not making sufficient progress, additional monitoring and support measures will be put in place immediately, meaning:

- Areas in which improvement is needed are identified
- Appropriate objectives are set to guide the ECT towards satisfactory performance against the relevant standards
- An effective support programme is put in place to help the ECT improve their performance
- The progress review record or formal assessment report will be shared with the appropriate body, alongside the support plan, for it to review.
- If there are concerns about the ECT's progress during their subsequent progress reviews or formal assessment, as long as it is not the final formal assessment, the induction tutor or headteacher will discuss this with the ECT updating objectives as necessary and revising the support plan for the next assessment period.

- If an ECT is deemed to be falling below the expected standard of the Trust in any aspect of their role, the school performance management policy would be followed. If the result of this was termination of employment before the end of the two-year period, the ECT would be able to complete their induction in another school.

2.5 Roles and responsibilities
